

MARIANA PEDRO GONÇALVES

ARCHITECT

and occasional karaoke singer

"I am a masters graduate in architecture and a curious life-long learner. Having experience working in various cultural backgrounds has provided me with a rich perspective in problem solving. I am used to working in a team whilst also being capable of using my own initiative. I am looking for a place that values critical thought and allows me to undertake new challenges."

WORK EXPERIENCE

ALLIES AND MORRISON

2017 - CURRENT

CAMBRIDGE, UK

part ii architectural assistant

Part of the design team for the Mill Road Depot planning application, the largest council led residential project in Cambridge which delivered over 200 units in a joint partnership between Hill and the Cambridge City Council. Worked closely with the Cambridge University in the execution of the Old Press Mill Lane masterplan. Participated in various feasibility studies for colleges and other private clients in Cambridge among which the redevelopment of Abbeygate house for Anglia Ruskin University, St. John's Art gallery and Grafton Centre SPD.

KJELLOGREN KAMINSKY ARCHITECTURE

2016.05 - 12

GOTHENBURG, SWEDEN

intern

Participation in a wide range of projects. Worked in the early conception of projects such as a housing competition for Bjärred, urban developments for Svanen and Torgny Segerstedts. Also engaged in more advanced projects such as the Öster Mälarstrand School and Mölndalsvägen housing's building permit. Co-managing of Bjärred's competition.
